EXPERIENCE

Product UX/UI Designer — Final Edge Digital Solutions Jun 2026 – Oct 2026

- Delivered end-to-end UX/UI design for web and mobile products, translating business requirements into intuitive interfaces.
- Created wireframes, interactive prototypes and high-fidelity UI across multiple product verticals (part-time).
- Conducted user research and usability testing to guide iterations and improve product experience.
- Extended into engineering: shipped frontend builds through CI/CD (GitHub Actions, GitLab CI) to Vercel and AWS and fixed environment-variable issues behind production API failures.

AI Product Designer — Steps AI Jan 2026 – Mar 2026

- Designed an AI-driven product experience spanning the marketing website and core platform interfaces.
- Created user flows, wireframes and high-fidelity UI for onboarding, dashboards and AI-powered features.
- Developed personalisation and recommendation experiences to enhance engagement and usability.
- Went beyond design to integrate LLM APIs (OpenAI, Claude, Gemini) into the live product and debug streaming responses and API-key mismatches across environments.

UX Product Designer — Consultixs Jun 2025 – Dec 2025

- Led end-to-end product design for fintech and enterprise platforms, from problem discovery through final delivery.
- Designed user flows, journey maps, wireframes and high-fidelity UI for onboarding, analytics, role-based dashboards and transaction systems.
- Applied data-informed and AI-assisted UX improvements to optimise workflows and product clarity.

UX/UI Designer (Contract) — The Assigner Sep 2024 – Jun 2025

- Delivered UX/UI design across multiple product verticals, creating wireframes and interactive prototypes.
- Designed a full-scale HRMS and ERP web application, including admin and user platforms.
- Collaborated cross-functionally with product and engineering to define features and deliver consistent UX.

UX/UI Designer (Internship) — Zype Technologies May 2024 – Jul 2024

- Contributed to end-to-end design of a car-dealer web application, from concept through high-fidelity delivery.
- Designed user and admin interfaces for vehicle management, booking systems and customer interactions.
